

GUN STORAGE MAPS IN THE UNITED STATES

TEMPORARY, VOLUNTARY FIREARM STORAGE

SEVERAL STATES HAVE MAPS OF BUSINESSES AND AGENCIES THAT ARE WILLING TO CONSIDER REQUESTS FOR TEMPORARY AND VOLUNTARY FIREARM STORAGE.

THESE RESOURCES ARE PARTICULARLY IMPORTANT FOR PERSONS IN CRISIS AND/OR AT RISK FOR SUICIDE.

Why may a firearm owner temporarily store their firearms away from home?

**Out of state
travel**

**Someone in the
home is at risk
for suicide**

**Grandkids are
visiting**

**Arguments are
getting heated**

**Concerned for
family member's
mental health**

**Secure firearms
during showings
to sell the house**

MAP DEVELOPERS

The Colorado Gun Storage Map was a joint initiative of the Colorado School of Public Health, Program for Injury Prevention, Education and Research (PIPER); the University of Colorado School of Medicine Department of Emergency Medicine; and the Colorado Firearm Safety Coalition.

The Maryland Safe Storage Map was developed by Marylanders to Prevent Gun Violence and the Johns Hopkins Bloomberg School of Public Health.

The Mississippi Gun Storage Map was developed by students and project coordinators at the University of Southern Mississippi, supervised by Dr. Mike Anestis, Executive Director of New Jersey Gun Violence Research Center and Associate Professor of Urban-Global Public Health at Rutgers University.

The Washington Firearm Safe Storage Map was developed by the Firearm Injury & Policy Research Program (FIPRP) at the Harborview Injury Prevention & Research Center, University of Washington.
